

How to Register for FAYM Classes

FAYM is excited to introduce our new class management system! You can access it from a computer or laptop, or download the **free mobile app** for Apple or Android devices. After creating your account, you'll be invited to download the app.

Returning families will notice that the registration process is different this year, so please read these instructions before registration opens.

Registration Checklist

For the smoothest registration experience, complete these steps in order:

1. Read all relevant information on the FAYM website.
2. Click the **Register** button.
3. Create your parent account.
4. Add your student(s) and complete the required waivers.
5. Book your classes or join a waitlist.
6. Reserve any recommended books (optional).
7. Go to checkout.
8. Pay the registration fee.

Step 1: Read Before You Register

Before registering, please review the information on our website, including:

- Tuition & Fees
- Policies
- Class Descriptions
- Schedule & Important Dates

Once you've reviewed everything, click the **Register** button.

Step 2: Create Your Parent Account

Your first step is to create a parent account.

From the dropdown menu in the upper-right corner, select **Register**. You'll be asked to provide your:

- Parent/guardian name
- Phone number
- Address

Step 3: Add Your Student(s)

Although you'll be able to view classes immediately, we recommend adding your student(s) first. If you try to book classes before creating student profiles, the system will stop the process and require you to do so before continuing.

When adding each student, you'll be asked to:

- Read and agree to the FAYM waivers
- Enter the student's name, birthdate, and gender
- List any previous FAYM classes taken (to help us match existing records)
- Indicate which instrument(s) they will play in Band or Strings classes
- List any additional instruments or private lessons
- Provide any relevant medical information or learning differences

Please complete each student's information carefully and accurately.

Important

Please take time to read each waiver before signing. By typing your electronic signature, you acknowledge that you have read and understand FAYM's policies and expectations.

Step 4: Book Your Classes

Once your student profiles are complete, select **Home** or **Classes** to begin booking.

You can browse all available classes or filter by age group.

In our new system, enrolling in a class is called **booking** a class.

When you select a class, you'll be able to:

- Choose which child (or children) will attend
- Read the class description
- See the teacher's name
- View class availability
- See the class day, time, and room number
- Reserve any recommended books

One of the great features of the new system is that you can register multiple children for the same class at the same time.

Books

If a class recommends a book and you don't already own it, simply click the book to reserve a copy. The cost will be added to your account, and your book will be distributed on the first day of class.

Waitlists

If a class is full, you'll have the option to join the waitlist.

If a space becomes available, you'll automatically be moved into the class and notified.

Step 5: Checkout

After you've finished booking your classes, proceed to your cart and complete checkout.

Your class spots are not guaranteed until the registration fee has been paid.

You **do not** need to pay tuition at this time. The first tuition installment is due **August 1**.

If the registration fee is not paid within approximately **48 hours**, your class bookings will be canceled. During that time, other families may register, and classes with enrollment limits may fill.

Enrollment limits apply only to:

- Elementary Music 6
- Elementary Music 7
- Elementary Music 8
- Guitar 1
- Guitar 2
- Keyboards 1

All other classes have unlimited enrollment.

Test-Ups and Auditions

Students may only schedule a test-up or audition **after** they have completed class booking **and** paid the registration fee.
